# Murillo Dentistry Celebrates Ten Years of Smiles

*1888 Press Release - San Diego-based Murillo Dentistry was founded by Maricela Murillo, DDS in 2004. The state-of-the-art practice offers general, restorative and cosmetic dental services to help the whole family achieve and maintain long-term dental health and beautiful smiles.*

Maricela Murillo, DDS, opened her private dental practice in San Diego with a dedication to restoring and enhancing the natural beauty of patients' smiles. Ten years later, her gentle, professional care has transformed the lives of hundreds by helping them achieve great smiles - and confidence.

"A great smile can make a huge difference in the way we look and feel," says Maricela Murillo, DDS. "Whether someone wants straighter, whiter teeth or needs cracks or chips repaired, when a person feels good about their smile, they feel more assured and attractive when interacting with others."

But Murillo Dentistry is equally focused on the person behind the smile, providing comprehensive care for optimal dental health. The office specializes in general, restorative and cosmetic dental services for the whole family, including bonding, veneers, gum treatment, orthodontics, crowns and bridges, as well as sleep apnea and TMJ services. Dr. Murillo and her team use the most modern technology, including digital x-rays, laser technology for whitening and periodontal procedures, all-ceramic metal-free crowns, and white fillings, to deliver the highest-quality dental care.

"Our highly trained and skilled clinicians stay up-to-date on the latest advancements in dentistry to provide the most current treatment options for our patients," says Dr. Murillo. "We attend dental conventions and meetings to keep abreast of new techniques, the latest products and newest equipment options to provide state-of-the-art care."

Murillo Dentistry also understands the value of educating not just the staff but patients as well. The practice is committed to providing comprehensive information to patients, including a series of videos available on its website, to help them make informed decisions about their oral health needs.

"As a practice, we are true believers that preventive care and education are the keys to optimal dental health," says Dr. Murillo.

Murillo Dentistry is open Monday - Thursday 8 a.m. - 5 p.m. For more information, visit http://www.mmdentalcare.com/.

About Murillo Dentistry − San Diego-based Murillo Dentistry was founded by Maricela Murillo, DDS, in 2004. The state-of-the-art practice offers general, restorative and cosmetic dental services to help the whole

family achieve and maintain long-term dental health and beautiful smiles.
